Section 1 - M Phil

1) The method of study conducted at different stages of development is known as

- A) genetic method
- B) comparative method
- C) experimental method
- D) case history method

2) Teacher education refers to the policies and procedures designed to equip prospective teachers with all of the following EXCEPT:

- A) Attitudes
- B) Finances
- C) Skills
- D) Knowledge

3) Role playing involves which of the following techniques?

- A) Interaction analysis
- B) Team teaching
- C) Macro teaching
- D) Simulation technique

4) According to Mudaliar Commission, which of the following is one of the objectives of education?

- A) Encouragement to modernity
- B) Social and national integration
- C) Education for leadership
- D) Growth in productivity

5) The method of writing objectives in behavioural terms is given by

- A) Robert Miller
- B) Robert Mager
- C) Robert Skinner
- D) Robert Wagner

6) According to National Education Policy 1986, the educational structure is based on

- A) 5+3+4+3 structure
- B) 8+2+2+3 structure
- C) 8+4+3 structure
- D) 10+2+3 structure

7) Which one of the following agencies is a passive agency of education?

- A) Society
- B) Television
- C) Religion
- D) School

8) According to Rimm-Kaufman and Pianta, the process of pre-school to kindergarten transition has

- A) 2 models
- B) 6 models
- C) 3 models
- D) 4 models

9) Quartiles are a useful measure when

- A) mode is used for measures of central tendency
- B) range is is not used for measures of variability
- C) mean is used for measures of central tendency
- D) median is used for measures of central tendency

10) According to Gujarat's famous educationist and teacher, Gijubhai Badheka, education of a child should start with

- A) writing
- B) counting
- C) reading
- D) drawing

Techofworld.In

Techofworld.In

11) Which of the following philosophies strongly advocates religious education?

- A) Realism
- B) Pragmatism
- C) Idealism
- D) Existentialism

Techofworld.In

12) In the context of development programmes, who concluded that "Non formal education is an important component in the proper development of state and nation"?

- A) E. Keatringe
- B) Dr. A. L. Mudaliar
- C) Aristotle
- D) M. Grandstaff

13) Who said - "Education means the universal distribution of extant knowledge"?

- A) Rabindranath Tagore
- B) Lester F. Ward
- C) John Milton
- D) Ulich Robert

14) Maslow's hierarchy of needs is a motivational theory. The top level is known as

- A) self-regulation needs
- B) self-actualization needs
- C) self-esteem needs
- D) self-satisfaction needs

15) The concept of activity school is given by

- A) Realism
- B) Pragmatism
- C) Idealism
- D) Naturalism

16) Read the following options and complete the sentence: Society is

- A) a non educational institute
- B) an informal agency of education
- C) a formal agency of education
- D) a non-formal agency of education

17) The Rorschach Inkblot Test is a projective psychological test. It consists of

- A) 26 inkblots printed on cards: twelve in black and white, fourteen in color
- B) 17 inkblots printed on cards: eight in black and white, nine in color
- C) 10 inkblots printed on cards: five in black and white, five in color
- D) 18 inkblots printed on cards: ten in black and white, eight in color

18) In normal distribution, the highest ordinate is equal to 0.3989 times of the total

- A) frequency
- B) sum of data
- C) mean of data
- D) standard deviation

19) Most of the biological variables usually cluster around a central value, with symmetrical

- A) positive deviations about this point
- B) negative deviations about this point
- C) positive and negative deviations at all points
- D) positive and negative deviations about this point

20) P50 is defined as 50% of estimates. Find the value of P50 of 4, 5, 22, 14 and 10.

- A) 10
- B) 22
- C) 11
- D) 16

Techofworld.In

21) Children make related advances in their reasoning and logical thinking before they reach the age of eight. Who among the following describes it as the transformation from prelogical or preoperational thinking to logical or concrete operational thinking.

- A) B. F. Skinner
- B) Sigmund Freud
- C) Carl Jung
- D) Jean Piaget

22) Which one of the following mediums of instruction was used during ancient Buddhist education system?

- A) Urdu
- B) Pali
- C) Sanskrit
- D) Tamil

Techhofworld.In

23) Which of the following are the six factors of intelligence as per Group Factor Theory?

- A) Numerical factor, symbolic factor, spatial factor, word fluency factor, reasoning factor and memory factor
- B) Numerical factor, verbal factor, figural factor, word fluency factor, reasoning factor and memory factor
- C) Numerical factor, symbolic factor, figural factor, word fluency factor, reasoning factor and memory factor
- D) Numerical factor, verbal factor, spatial factor, word fluency factor, reasoning factor and memory factor

24) In Statistics, Variance is equal to

- A) square root of standard deviation
- B) square of quartile deviation
- C) square of standard deviation
- D) square root of quartile deviation

25) A z-score is also known as a standard score and it can be placed on a normal distribution curve. 'z' score is also called

- A) sigma score
- B) delta score
- C) 'T' score
- D) rho score

26) Rousseau argued that good education

- A) should develop the economic status of man
- B) should develop the knowledge of man
- C) should develop the nature of man
- D) should develop the morals of man

27) C.H. Judd experimented on the training of

- A) laws of motion
- B) laws of reflection
- C) laws of light
- D) laws of refraction

28) Which of the following refers to an idea or practice new to a specific educational context that meets unsatisfied needs?

- A) Educational demands
- B) Educational innovation
- C) Educational compulsions
- D) Educational practices

29) Which report had maintained that 'in a period of not less than 40 years, the standard of Indian education will be made equivalent to that of England'?

- A) Report by the Central Advisory Board of Education
- B) Sadler Commission Report
- C) S. Radhakrishnan Commission Report
- D) Indian Education Commission, 1882 Report

30) Which of the following is the first school of a child?

- A) Books
- B) School
- C) Society
- D) Family

Techhofworld.In

31) Flander's Interaction Analysis is a technique for capturing quantitative and qualitative dimensions of teacher verbal behaviour in the classroom. Flander's technique includes

- A) 2 categories
- B) 7 categories
- C) 10 categories
- D) 5 categories

Techhofworld.In

32) During British rule in India, the night schools were opened by

- A) Wood's Despatch
- B) Radhakrishnan Commission
- C) Macaulay Minute
- D) Sadler Commission

33) Who among the following personalities appointed the Indian Education Commission in 1882?

- A) Lord Curzon
- B) Michael Sadler
- C) William Hunter
- D) Lord Rippon

34) The first sociologist who developed social distance scale is

- A) Joan H. Criswell
- B) Emory S. Bogardus
- C) Mark A. May
- D) Hugh Hartshorne

35) Universalization of education is a major way to combat

- A) myths
- B) superstitions
- C) illiteracy
- D) inequality

36) If mean value of data is 40, then value of "z" score of score 40 will be equal to

- A) 40
- B) 20
- C) 0
- D) 100

37) According to Joyce, each model of teaching results in two types of effects. They are

- A) instructional and nurturant
- B) instructional and explicit
- C) innovative and instructional
- D) innovative and implicit

38) NCTE is responsible for all of the following EXCEPT:

- A) Deciding learning outcomes to B.Ed
- B) Grant in facilities to B.Ed
- C) suggesting staff members norms to B.Ed
- D) admission criteria to B.Ed

39) Which of the following countries philosophers discarded extremely individualistic aims of education?

- A) India
- B) Canada
- C) England
- D) Greece

Techhofworld.In

40) Student's t-test, analysis of variance (ANOVA) and repeated measures ANOVA are all

- A) non-parametric tests
- B) construct validity tests
- C) sampling validity tests
- D) parametric tests

41) The Indian Education Commission stressed the need for changing the bookish character of school education by introducing into the curriculum, a programme of

- A) research experience
- B) work experience
- C) rural experience
- D) classroom experience

42) The Gurukuls where the higher education of language and literature were given to the students were known as

- A) Tol
- B) Chatutpathi
- C) Charan
- D) Ghatika

Techofworld.In

43) "The destiny of India is now being shaped in her classrooms". This was first professed by

- A) The National Policy on Education (1986)
- B) The Education Commission (1964-66)
- C) The Education Commission (1954-56)
- D) The National Policy on Education (1950)

44) In a curve, Kurtosis refers to

- A) flattened or pointed curve
- B) unsymmetrical curve
- C) symmetrical curve
- D) multimodal curve

45) The need of action research is in the

- A) university based problems
- B) business based problems
- C) school based problems
- D) water based problems

46) Initially the preparation of teacher education was more or less practice oriented. At that time, teachers were trained according to the

- A) 'Teacher pupil method'
- B) 'Pupil society method'
- C) 'Pupil teacher method'
- D) 'Teacher society method'

47) Which of the following Commissions made specific recommendations regarding Rural Universities?

- A) Kothari Commission
- B) Indian University Commission
- C) Indian Education Commission
- D) University Education Commission

48) Suggestion to open multipurpose schools was first given by

- A) Tarachand Committee
- B) Kothari Commission
- C) Radhakrishnan Commission
- D) Mudaliar Commission

49) In Hypothesis Testing, Type I error occurs when

- A) wrong null hypothesis is rejected
- B) right null hypothesis is rejected
- C) wrong null hypothesis is accepted
- D) right null hypothesis is accepted

50) Which of the following institutions provides all levels of education from nursery to university level?

- A) Bramha Samaj
- B) Shantiniketan
- C) Arya Samaj
- D) Aurobindo Ashram

Techofworld.In

51) The provision of free and compulsory education for children up to the age 14 years is mentioned in the Indian Constitution's

- A) Article 45
- B) Article 28
- C) Article 14
- D) Article 30

Techofworld.In

52) The method of equal-appearing intervals scale is used to measure attitudes of people. Equal appearing interval scale is also known as

- A) Semantic differential scale
- B) Thurstone scale
- C) Likert scale
- D) Guttman scale

53) When the data is distributed symmetrically, the central tendency is measured by

- A) mean
- B) mode
- C) median
- D) range

54) The National Service Scheme (NSS) is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. The National Service Scheme was launched in the year

- A) 1960
- B) 1969
- C) 1979
- D) 1980

Techofworld.In

55) Descriptive statistics tries to describe the relationship between

- A) variables in a sample or population
- B) ordinal variables in a sample or population
- C) variables in a random sample
- D) categorical variables in a representative sample

56) Rimm-Kaufman and Pianta proposed

- A) Ecological and Dynamic Model of Transition
- B) Parental and School Model of transition
- C) Biological Model of Transition
- D) Social Model of Transition

57) The mental hygiene movement was founded by

- A) C. W. Beers
- B) Pat Ladell
- C) L. F. Shaffer
- D) T. Headfield

58) In Statistics, S- shaped learning curve is a curve of

- A) increasing returns
- B) equal returns
- C) mixed type returns
- D) decreasing returns

59) The concept of 'autonomy' is used at

- A) all levels of education
- B) primary level of education
- C) higher level of education
- D) secondary level of education

60) During the Preoperational stage of cognitive development, children

- A) can think abstractly
- B) can use logical thinking
- C) can think reasonably
- D) cannot think logically

61) Which of the following options is associated with efforts by village and community started in Satara district of Maharashtra in 1959-63 and which was awarded by UNESCO in 1972 for village education movement?

- A) The Balwadi movement
- B) The Gram Shikshan Mohim
- C) Sarva Shiksha Abhiyan
- D) The School Improvement Movement

62) According to whom, is a child by birth, an active and information processing being?

- A) Jean Piaget
- B) Jerome Bruner
- C) P. T. Young
- D) J. B. Watson

Techofworld.In

63) Which of the following options is a research method used for collecting data from a pre-defined group of respondents to gain information and insights on various topics of interest?

- A) Structural equation modeling
- B) Multivariate statistics
- C) Survey methodologies
- D) Survival analysis methodologies

64) Which one of the following equations is TRUE in the reference of degrees of freedom?

- A) number of degrees of freedom = number of observations or variables + number of constraints or restrictions
- B) number of degrees of freedom = number of constraints or restrictions - number of observations or variables
- C) number of degrees of freedom = number of constraints or restrictions / number of observations or variables
- D) number of degrees of freedom = number of observations or variables - number of constraints or restrictions

65) Teacher education curriculum is based on which of the following approaches?

- A) Subject centred
- B) Child centred
- C) Objective centred
- D) Activity centred

66) Curriculum of teacher education is designed by

- A) NCERT
- B) NCTE
- C) SCERT
- D) UGC

Techofworld.In

67) Which of the following organizations is responsible to finance the Faculty Development Programme for Colleges?

- A) UGC
- B) NCTE
- C) CASE
- D) NCERT

68) The hierarchy of levels of creativity given by I. A. Taylor is

- A) expressive - productive - innovative - inventive - emergentive
- B) expressive - inventive - innovative - productive - emergentive
- C) expressive - productive - inventive - innovative - emergentive
- D) expressive - innovative - inventive - productive - emergentive

69) The discipline of Education can be defined as the study of the process of

- A) curriculum
- B) classroom teaching
- C) educating
- D) students' progress

70) "By education I mean an all-round drawing out of the best in child and man-body, mind and spirit." Who gave this definition for education?

- A) Aristotle
- B) J. Dewey
- C) Mahatma Gandhi
- D) Nelson Mandela

71) The theory that if memories are not reviewed or recalled consistently, they will ultimately be forgotten is given by which of the following theories?

- A) Retroactive interference theory
- B) Proactive interference theory
- C) Trace inhibition theory
- D) Trace decay theory

72) Theory of generalization of transfer of learning was proposed by

- A) Edward Thorndike
- B) William James
- C) C.H. Judd
- D) Steve Ward

Techofworld.In

73) A need was felt to hold a comprehensive review of the educational system, with a view to initiating a fresh and more determined effort at educational reconstruction during which of the following five year plans?

- A) First Five Year Plan
- B) Second Five Year Plan
- C) Fourth Five Year Plan
- D) Third Five Year Plan

74) "Education is an ornament in prosperity and a refuge in adversity". This was said by

- A) Plato
- B) W. Atkinson
- C) E. Ebbinghaus
- D) Aristotle

75) Which of the following is a teaching technology, based on behavior-analytic research, that uses principles of shaping, prompting, discrimination training, stimulus fading, and feedback?

- A) Simulation technique
- B) Team teaching
- C) Programmed instruction
- D) Interaction analysis

76) Which of the following organizations is concerned with the regulation and proper maintenance of Norms and Standards in the teacher education system?

- A) NCERT
- B) NCTE
- C) SCERT
- D) UGC

Techofworld.In

77) The transfer of a teacher in the same post from one place to another place is an example of

- A) transfer social mobility
- B) ascending vertical social mobility
- C) horizontal social mobility
- D) vertical social mobility

78) Which of the following statements is INCORRECT with respect to education?

- A) Education is a static process
- B) Education is a dynamic process
- C) Education is a social process
- D) Education is bipolar process

79) The effect of punishment is often

- A) permanent
- B) measurable
- C) temporary
- D) unclear

80) Find the median of 21, 24, 13, 20, 36 and 30.

- A) 22.5
- B) 20.5
- C) 13.5
- D) 24.5

81) Self-regulation abilities among children develop between the ages of

- A) 1 and 3 years
- B) 9 and 10 years
- C) 5 and 7 years
- D) 12 and 15 years

82) A hierarchical scale of increasing precision can be used for observing and recording the data which is based on all of the following EXCEPT:

- A) Regression
- B) Ratio scales
- C) Interval
- D) Categories

Techofworld.In

83) Need-Drive-Incentive formula was introduced first by

- A) W. Candland
- B) M. Headfield
- C) E. Thorndike
- D) E. R. Hilgard

84) Normal School movement gained a lot of momentum during the 19th century. These were mainly concerned with the training of

- A) elementary school teachers
- B) middle school teachers
- C) high school teachers
- D) secondary teachers

85) As per the UNDP's report of Human Development Index 2018, India holds the following position

- A) 130th
- B) 133rd
- C) 132nd
- D) 131st

Techofworld.In

86) The vocational aim of education is also known as the

- A) live and guide aim
- B) service and experience aim
- C) bread and butter aim
- D) work and experience aim

87) Psycho-analytic theory of motivation was developed by

- A) Sigmund Freud
- B) Clark Leonard
- C) Mc Dougall
- D) Abraham Maslow

88) The concept of micro teaching was first introduced in

- A) Pakistan
- B) USA
- C) India
- D) England

89) The most widely used correlation statistic to measure the degree of the relationship between linearly related variables is

- A) Kendall rank correlation
- B) Both Spearman and Kendall rank correlations
- C) Spearman rank correlation
- D) Pearson's r correlation

90) With respect to Education, which of the following statements is CORRECT?

- A) Education is neither an art nor a science
- B) Education is both an art as well as science
- C) Education is only a science
- D) Education is only an art

Question Paper No:	53588_9
