

Discovery and Invention

Discovery/Invention	Discoverer/Inventor	Time/Period	Image
Electric Motor	Michael Faraday (British)	1821	
Typewriter	William Austin Burt (American)	1829	
Sewing Machine	Barthélemy Thimonnier (French)	1829	

Dynamo	Michael Faraday (British)	1831	
Telegraph	Samuel Morse (American)	1832-33	
Revolver (However, the first Flintlock Revolver patented by Elisha Collier in 1814)	Samuel Colt (American)	1835	
Pedal Driven Bicycle	Kirkpatrick Macmillan (Scottish)	1839	

<p>Pneumatic Tire</p>	<p>Robert William Thomson (Scottish)</p>	<p>1845</p>	
<p>Francis Turbine</p>	<p>James Bicheno Francis (British American) & Uriah A. Boyden (American)</p>	<p>1848</p>	
<p>Refrigerator (In 1805, an American inventor Oliver Evans experimented a closed vapor-compression refrigeration cycle for the production of ice)</p>	<p>Alexander Twining & James Harrison (However, in 1859, Ferdinand Carré of France developed the first gas absorption refrigeration system)</p>	<p>1850</p>
