(D)  No Article

## Case Study - 7 to 11

12.50

**Directions: Read the short passage below and answer the questions that follow.**

The Drake Passage is the iconic icy cold body of water stretching 800km wide between the tip of South America and the South Shetland Islands of Antarctica. This region connects the south eastern part of the Pacific Ocean and the south-western part of the Atlantic Ocean. The fluid province of oceans colliding is famously one of the most adventurous and extraordinary voyages in the world. Crossing the Drake Passage is a traditional part of Antarctic travel, viewed by many polar explorers as a fundamental component of reaching the natural wonders which Antarctica has to offer. Whether you prefer to cruise or fly this crossing is entirely your decision. When considering, "Is the Drake Passage dangerous?" you should feel confident whether you decide to choose the cruise or flying option as both will reward you with an immersive polar experience. The Drake Passage has a grand history of polar exploration, since it was first discovered in 1525 by Spanish navigator Francisco de Hoces. The Drake Passage gets its name from Englishman Francis Drake, and his circumnavigation which is also known as "Drake's Raiding Expedition." Despite its reputation, crossing this unpredictable water body can be an unforgettable 48-hour affair. These days, with the finest equipment, safety procedures, experienced crew members and polar-ready ships, the Drake Passage can be a remarkable part of one's polar voyage—not dangerous. Some simple tips and tricks should help to **ward off** potential seasickness for those who are so affected. To name a few, speak with your physician before the trip and stock up with travel medication and staying hydrated is important among other things.

## Question No.7

Marks: 2.50

Bookmark 

How did Drake Passage get its name?

- (A)  iconic icy cold body of water  
(B)  from the Spanish Francisco de Hoces  
(C)  from Antarctica and its islands  
(D)  **from the Englishman Francis Drake (Correct Answer)** (Chosen option)

## Question No.8
