Directions: Read the short passage below and answer the questions that follow.

The objective of IMT as an institute is to help students become influential leaders who can achieve results that have the potential to transform organisations. It tries to **inculcate** values of innovation, social justice, and hands-on approach as well as to facilitate design/lateral thinking capabilities. IMT Ghaziabad in the midst of pandemic and revolutionary change in the education industry continues to set a record by providing excellent summer placements to its students. As a responsible B-School, it understands its role in grooming its students to live up to the recruiter's expectations in such a dynamic, evolving, and complex business world. Amidst this change, the summer internship process of IMT Ghaziabad saw the participation of approx. 140 plus recruiters, who cumulatively rolled out extensive offers to the PGDM class of 2022 across sectors.

The highest offers were made by the top sectors such as BFSI, FMCG, etc. This year's summer placement's key highlight was the virtual recruitment process that was handled across a combination of platforms like Zoom, Microsoft Teams, Google Meet, Cisco WebEx, etc. Real-world systems and methods like group discussions and interview panels were replicated virtually through unique features across the different platforms. There was a total of 13 brand new recruiters this year for the summer placement. As per Dr. Renu Misra, Head Corporate Relations –IMT Ghaziabad "The summer placement week of 2021 has been a definitive success with over 30 companies visiting. We had esteemed brands from across domains recruiting at IMT".
