Instructions: Read the following passage carefully and pick out the correct one out of four answers given below the **Question No.71 to 80**.

(1)Gender-based violence, including rape, domestic violence, mutilation, murder and sexual abuse is a profound health problem for women across the globe. (2)Although gender violence is a significant cause of female morbidity and mortality, it is almost never seen as a public health issue. (3)Recent World Bank estimates of the global burden of diseases indicate that in established market economies, gender-based victimization is responsible for one out of every five health days of life lost to women of reproductive age. (4)On a per capita basis, the health burden imposed by rape and domestic violence in the industrial and developing world is roughly equivalent, but, because the total disease burden is so much greater in the developing world, the percentage attributable to gender-based victimization is smaller. (5)Nonetheless, on a global basis, the health burden from gender-based victimization is comparable to that from other conditions already high on the world agenda. (6)Female-focused violence also represents a hidden obstacle to economic and social development. (7)By sapping women's energy, undermining their confidence, and compromising their health, gender violence deprives society of women's full participation.

71. How does female focused violence stand on the way national welfare?
