### Comprehension:

Read the given poem and answer the questions based on it:

Listen

with the night falling we are saying thank you

we are stopping on the bridges to bow from the railings

we are running out of the glass rooms

with our mouths full of food to look at the sky

and say thank you

we are standing by the water thanking it

standing by the windows looking out

in our directions

back from a series of hospitals back from a mugging

after funerals we are saying thank you

after the news of the dead

whether or not we knew them we are saying thank you

✗ 3. No connection between (i) and (ii).

✗ 4. Because of (i), (ii) happens.

**Q.4** A teacher asked the students whether  $\sqrt{2}$  is rational or irrational. Which of the following is true with proper justification?

**Ans**  1.

$\sqrt{2}$  cannot be marked on the number line and hence it is irrational.

2.

There does not exist natural numbers  $p$  and  $q$  such that  $\sqrt{2} = \frac{p}{q}$ , so it is irrational.

3.  $\sqrt{2}$  lies between two rational numbers; hence, it is rational.

4.

If we square  $\sqrt{2}$ , we will get a rational number; so it is also rational.
