Test Time	9:00 AM - 11:30 AM
Subject	Junior Teacher (Schematic) CATEGORY II (Arts Odia)

Comprehension:

Refer to the below poem and answer the questions.

Now we will count to twelve
and we will all keep still.

For once on the face of the Earth
let's not speak in any language,
let's stop for one second,
and not move our arms so much.

It would be an exotic moment
without rush, without engines,
we would all be together
in a sudden strangeness.

Fishermen in the cold sea
would not harm whales
and the man gathering salt
would look at his hurt hands.

Those who prepare green wars,
wars with gas, wars with fire,
victory with no survivors,
would put on clean clothes
and walk about with their
brothers
in the shade, doing nothing.

What I want should not be
confused
with total inactivity.
Life is what it is about;
I want no truck with death.
If we were not so single-minded
about keeping our lives moving,
and for once could do nothing,
perhaps a huge silence
might interrupt this sadness
of never understanding ourselves
and of threatening ourselves with
death.

Perhaps the Earth can teach us
as when everything seems dead
and later proves to be alive.

Now I'll count up to twelve
and you keep quiet and I will go.

SubQuestion No : 1

Q.1 Identify the suitable title for the poem.

Ans

- ✓ 1. Keeping Quiet
- ✗ 2. Fishermen and the cold sea
- ✗ 3. Understanding ourselves
- ✗ 4. Fishermen

Comprehension:

Refer to the below poem and answer the questions.

Now we will count to twelve
and we will all keep still.

For once on the face of the Earth
let's not speak in any language,
let's stop for one second,
and not move our arms so much.

It would be an exotic moment
without rush, without engines,
we would all be together
in a sudden strangeness.

Fishermen in the cold sea
would not harm whales
and the man gathering salt
would look at his hurt hands.

Those who prepare green wars,
wars with gas, wars with fire,

about keeping our lives moving,
and for once could do nothing,
perhaps a huge silence
might interrupt this sadness
of never understanding ourselves
and of threatening ourselves with
death.
Perhaps the Earth can teach us
as when everything seems dead
and later proves to be alive.

Now I'll count up to twelve
and you keep quiet and I will go.

SubQuestion No : 2

Q.2 Select the most appropriate meaning of the given word below.

Interrupt

Ans

- 1. the act or skill of giving a speech at a public event
- 2. to stop a person from speaking for a short period by something you say or do
- 3. being the only existing one of its type
- 4. the possibility of doing something

Comprehension:

Refer to the below poem and answer the questions.
Now we will count to twelve
and we will all keep still.

For once on the face of the Earth
let's not speak in any language,

and you keep quiet and I will go.

SubQuestion No : 3**Q.3 Identify the central theme of the poem.**Ans 1.

All disasters are created by man and rash actions are one of them.

 2.

It advocates the death and total inactivity. It is the ultimate reality of life and cannot be fought upon.

 3.

The narrator wants to show that under apparent stillness, life can also exist. Nature remains at work at all times and keeps the earth alive.

 4.

The narrator is sick and tired of everyday problems and is unable to understand what life all is about.

SubQuestion No : 4

Q.4 Select the most appropriate SYNONYM of the given word below.

Exotic

- Ans
- 1. familiar
 - 2. unromantic
 - 3. Marvellous
 - 4. nonexotic

Q.5 Read the below passage:

Growth always occurs through a sequential series of stages. There is an organic process to growth. When we look at children growing up, we can see this process at work: the child first learns to crawl, then to stand and walk and then finally to run. The same is true in the natural world. The soil must first be tilled and then the seed must be sown. Next, it must be nurtured with enough water and sunlight and only then will it grow into trees laden with ripe fruits.

Which one of the following is the CORRECT logical inference based on the information in the above passage?

- I) The children are the worst examples of an organic process to growth.
- II) Everything in this world goes through an organic process of growth and that is how it is meant to be.
- III) The natural world does not need to follow the old and traditional method of growth.

Ans

- ✓ 1. II only
- ✗ 2. I, II, & III only
- ✗ 3. I only
- ✗ 4. I & III only

Q.6 Read the below passage:

Many of us believe that 'small' means 'insignificant'. We believe that small actions and choices do not have much impact on our lives. We think that it is only the big things, the big actions and the big decisions that really count. But when you look at the lives of all great people, you will see that they built their character through small decisions, small choices, and small actions that they performed every day. They transformed their lives through step-by-step or day-by-day approach. They nurtured and nourished their good habits and chipped away their bad habits, one by one. It was their small day-to-day decisions that added up to make tremendous difference in the long run. Indeed, in matters of personal growth and character building, there is no such thing as an overnight success.

Which of the following is the CORRECT logical inference based on the information in the above passage?

- I) To achieve personal growth and development one cannot follow the small actions and choices method. The world is changing very fast, one needs to keep up with the pace.
- II) All the good habits have taken time to be developed and have been worked upon on a daily basis in order to succeed in life.
- III) All great people had developed and succeeded in their lives by taking small and day to day decisions.

Ans

- ✗ 1. I & II only
- ✓ 2. II & III only
- ✗ 3. III & I only
- ✗ 4. I, II, & III only

Comprehension:

Refer to the below passage and answer the questions.

Having a healthy lifestyle is all about choosing to live your life in the healthiest way possible. There are a few things you have to do to start living your life in this way, i.e., the healthy way. This means doing some amount of exercise daily, such as jogging, yoga, playing sports, etc. Adding to this, you must also have a balanced and nutritional diet with all the food groups. It would be best if you were taking the right amount of proteins, carbohydrates, vitamins, minerals, and fats to help you have a proper diet. Grouped with these two essential aspects (diet and exercise), a healthy person also maintains the same sleep cycle, which should consist of around 7-8 hours of sleep. However, we must remember that a healthy lifestyle not only refers to our physical and mental health. Maintaining a balanced diet, exercising daily, and sleeping well are essential parts of a healthy lifestyle. But feeling happy is also a big part of a healthy lifestyle. To enable happiness, thinking positively is a must. When a person does not feel happy or good about themselves, they are not entirely healthy.

The benefits of a healthy lifestyle are manifold: living a healthy life allows you to live longer, which means that you get to spend more time with your family. Exercising daily will enable you to release endorphins and helps you feel happier. Regular exercise also improves the health of your skin and hair, bettering your appearance as well. Healthy lifestyles also primarily reduce your risk of life-threatening diseases such as cancer, diabetes, etc. and also reduce your susceptibility to cardiac arrests.

Overall, living your life in a healthy way only has benefits, and that's why it is recommended that you do everything you can to have a healthy lifestyle. So, eat three nutritional meals a day, avoid unhealthy junk food, go for a run or jog in the morning, get your full 8 hours of sleep, and avoid bad habits like drugs, alcohol, and smoking. A healthy lifestyle is the best thing that you can do to your body, and you will be thanking yourself for following a healthy lifestyle in the later years of your life.

SubQuestion No : 7

Q.7 Select the most appropriate meaning of the given word below.

Manifold

- Ans
- 1. a collection or mass, especially of something that cannot be counted
 - 2. a number that is used to mark a particular example of something
 - 3. smaller in size or amount than is considered necessary or is hoped for
 - 4. many and of several different types

Comprehension:

Comprehension:

Read the following poem and answer the questions given below.

A Bird, came down the Walk
He did not know I saw
He bit an Angle Worm in halves
And ate the fellow, raw,

And then, he drank a Dew
From a convenient Grass
And then hopped sidewise to the Wall
To let a Beetle pass

He glanced with rapid eyes,
That hurried all abroad
They looked like frightened Beads, I thought,
He stirred his Velvet Head

Like one in danger, Cautious,
I offered him a Crumb,
And he unrolled his feathers,
And rowed him softer Home

SubQuestion No : 14

Q.14 Which of the following words means the same as the word 'stirred' used in the poem?

- Ans
- 1. Stayed
 - 2. Wiggled
 - 3. Subdued

- 1. worm
 - 2. beads
 - 3. crumb
 - 4. beetle

Comprehension:

Read the following passage and answer the questions given below.

The India-UK FTA pact will be the most comprehensive trade agreement signed by India. Of the 26 chapters, in-principle agreement or broad consensus has been reached on 24 chapters.

Areas that await final agreement include the rules of origin, where product-specific rules, value addition, change in the chapter heading, and certification are being discussed, per reporting in The Economic Times.

India does not want the UK to be used to route goods to India as that inflates its import bills; the country's trade deficit hit US\$263 billion in FY 2022-23, up from US\$191 billion in FY 2021-22.

On its part, UK negotiators want a more streamlined Customs bureaucracy.

Under intellectual property, chapter considerations pending final consensus may be with regard to 37 changes demanded by the UK's life sciences and biotech sectors. India's intellectual property rights are also being discussed.

India-UK bilateral trade increased to US\$20.36 billion in 2022-23 from US\$17.5 billion in 2021-22.

SubQuestion No : 17

Q.17 Which of the following words means the same as the word 'deficit' used in the passage?

- Ans** 1. Scarcity
 2. Opulence
 3. Surfeit
 4. Surplus
